## Maximum-Minimum Thermometer

**Sku :** GE4011

[www.geomatrixlabs.com](http://www.geomatrixlabs.com)

### Description

The Maximum-Minimum thermometer allows you to detect fluctuations of temperature and to read them subsequently. It consists of a U-shaped glass tube with two separate temperature scales set along each arm of the U, fitted on moulded abs plastic frame. One of these is for recording the maximum temperature encountered and the other for the minimum temperature, and features a magnet reset.
