

## Industrial Drying Tumbler, Cat No GLDT30

### **Description :**

GEOMATRIX Industrial Drying Tumbler has a special heat exchanger design that maximises drying performance and efficiency to deliver perfect drying. In addition, it come equipped with a programmable microprocessor control system. It help in better drying, drum perforations ensure gentle handling of fabric, maintaining their quality and lengthening their life.

### **Features**

Optimal Drying performance

Advance Durable & Ergonomics Design

Programmable microprocessor control system
